# HARDWAX OIL

We use Fiddes Hardwax oil which are made in Britain. Hard Wax Oil is a blend of natural oils & waxes offering exceptional durability & resistance for internal natural wood flooring, kitchen worktops (wood) and areas subjected to a high degree of wear.

# DAILY / WEEKLY CLEANING

## SPRAY MOP

This premium floor mop are durable, effective and easy to use. The Wood Floor Spray Mop enables you to clean and maintain your wood floor in a sweep. Ergonomic and simple to use, the Spray Mop is quick to assemble and refill.

## SPRAY REFILL 4L

Wood Floor Cleaner is specially developed for efficient cleaning of lacquered finishes. This is a convenient, ready to use, pH neutral. This 4 litre pack is ideal for topping up your spray mop cartridge.

## REPLACEMENT MICROFIBRE PAD

Microfibre Cleaning Pad will help get your floors as clean as possible, and can be washed up to 300 times – that's a lot of mopping before it needs to be replaced again but its always handy to have a spare!

# REMOVING TOUGH STAINS

## *TOP TIPS...*

For stubborn stains like grease, rubber heel marks, try spray the cleaning solution, leave for 1 minute and use the brillo pad green to remove the stain.

# TOP TIPS...

You can top up the top surface by simply lightly keying the surface and applying 1 coat of hardwax oil.

Use an entrance matting as a barrier from outside to inside. Grit and dirt acts like sand paper, remove shoes for longer periods of maintenance-free time.

Sweep or use a dust mop, but do not use a household dust treatment or washing up liquid, as this may cause your floors to become slick or make the finish dull.

Vacuum your floor regularly – as often as you would vacuum carpets using the appropriate head for your vacuum cleaner.

Stiletto shoes may cause indentations on your wood floor.

Use a minimal amount of water when mopping; excessive water can cause deterioration of the wood & surface finish.
